- 1) **QUESTION:** For Honey Ridge Road. Is the fee for a Wetland Consultant part of our bid?
ANSWER: Please do not include a wetland consultant in the bid. We will hire a consultant separately to flag the wetlands in accordance to the surveyor’s schedule so that the surveyor can effectively survey the delineation.
- 2) **QUESTION:** On the Fort Howard project and the Fleet Maintenance Bldg, there is a request for utilities. Should we include a utility consultant for this phase or go with the visible utilities and structures?
ANSWER: For the Fort Howard survey, please utilize the 811 telephone service for underground utility locates and survey accordingly, in addition to the visible utilities and structures. Please only pick up visible utilities and structures for the Fleet Maintenance Building survey.
