

# COUNTY OF GRANT

## REQUEST FOR PROPOSALS ADDENDUM

**Addendum No:** 1  
**RFP No:** 22-03  
**RFP Title:** Hurley Pit Mining Services

The following are a list of questions and responses that were submitted regarding the above-referenced RFP.

---

**Question No. 1:** Is there power (3 Phase) on site? If so, will the service be transferred to new lessee?

**Response No. 1:** Grant County Road Department staff has identified that there are power lines to the entrance of the pit; however, no electrical lines are on the premises. Staff was able to identify that the power lines are a 2-phase, with an open "Y". The County *does not* have metered/billed electric service at the site; a determination was made that everything that needs energy is from a generator.

---

**Question No. 2:** Is use of the scale and scale house included?

**Response No. 2:** Both the scale and the scale house are owned by the current Lessee. Any new awarded Offeror will be required to provide these items for operations.

---

**Question No. 3:** Is there water on site?

**Response No. 3:** No.

---

**Question No. 4:** What is the Grant County past 3-year purchase history? Or Yearly Average?

**Response No. 4:** The County's past 3-year purchase history from the current Lessee is as follows:

- Fiscal Year 2018-2019: \$91,333.15
- Fiscal Year 2019-2020: \$53,915.43
- Fiscal Year 2020-2021: \$34,642.90

---

**Question No. 5:** Should guaranteed pricing include the Grant County Royalty?

**Response No. 5:** Any purchases made by the County are subject to the royalty requirement.

---

**Question No. 6:** What is the duration of the lease? Is it renewable?

**Response No. 6:** The lease will have an initial one (1) year term with optional renewals, not to exceed five (5) years in duration.

---

**Question No. 7:** What is the duration of guaranteed pricing?

**Response No. 7:** The guaranteed pricing will reflect the same term of the lease, unless amended in writing and approved by both parties.
