SUBJECT: Two-Step Invitation for Bid 37843, Addendum 5
Black Creek Water Resource Development Pipeline Construction

Please be advised of the following changes to the subject Two-Step Invitation for Bid:

1. The time and date for the receipt of competitive sealed bids remains: **2:00 p.m., August 12, 2022.**
2. Revise Section 02616 Part 2.01.A.1. of the Technical Specifications as follows:
“Ductile iron pipe shall be by U.S. Pipe and Foundry Company, Inc.; American Cast Iron Pipe Company, McWane Ductile or equal. All pipe shall be made in the United States and supplied by a single manufacturer.”
3. The District and CDM Smith have confirmed that the Florida Department of Transportation (FDOT) will require a General Use Permit for equipment and materials staged within the FDOT right-of-way for an extended duration. The Successful Respondent will be responsible for obtaining the General Use Permit from FDOT, including the permit fee, if it intends on staging equipment and materials within the FDOT right-of-way. All staging in the FDOT right-of-way or elsewhere will be at no additional cost to the District. The Successful Respondent must stage all equipment and materials outside the designated “clear zone” as defined by FDOT Index 102-600 Table 5. FDOT does not limit the amount of equipment and materials the Successful Respondent will be allowed to stage within the right-of-way outside the “clear zone”, however staging of equipment and materials shall not interfere with FDOT operations and maintenance activities, access to both public and private property, and must conform with best practices for storage of materials per manufacturer recommendations. The Successful Respondent is responsible to maintain and restore all areas within FDOT right-of-way during construction in areas where materials staged for extended periods prevent normal FDOT maintenance activities. The Successful Respondent is also responsible for moving equipment and materials at the request FDOT at any time and is responsible for any damage caused by improper storage of materials. The FDOT General Use Permit fee is expected to be nominal.
4. On Page 26, delete BID BOND FORM in its entirety and replace it with the attached BID BOND FORM.
5. Additional information regarding the 30” PVC pipe alternative will be provided in a future addendum.

NOTE: Please acknowledge receipt of this Addendum in your submittal.

If you have any questions regarding this addendum, contact Kendall Matott at (386) 312-2324 or via email at kmatott@sjrwmd.com.
