

**ADDENDUM THREE
HIGHLAND PARK FIRE HALL #5
CONTRACT NO. F-14-002-201
CITY OF CHATTANOOGA, TENNESSEE**

The following changes shall be made to the Contract Documents, Specifications, and Drawings:

A. Pre-Bid Sign In Sheet

B. Answers to Questions

Unless there is specific language, such as “no substitution”, substitution of equal products meeting the intent of the Contract Documents and having equal or better performance characteristics are permitted. Substitution Requests will be considered following Contract Award through the normal submittal process and after the successful General Contractor bidder has had an opportunity to evaluate the proposed substitutions. Refer to Specifications 00 71 00 – “General and Supplementary Conditions”, Articles 3.12.4.2 and 3.12.4.3 which read as follows:

3.12.4.2 At any time after the Contract has been executed, the Owner and the Architect will consider formal requests for the substitution of products in place of those specified under the conditions set forth in the Supplementary Conditions and in the General Requirements (Division 1 of the Specification). Except where the language “no substitution” occurs, or words of similar effect, the Architect will review such materials and equipment, and will approve them if he considers them to be suitable and equal to those specified.

3.12.4.3 By making requests for substitutions the Contractor:

.1 represents that the Contractor has personally investigated the proposed substitute product and determined that it is equal or superior in all respects to that specified;

.2 represents that the Contractor will provide the same warranty for the substitution that the Contractor would for that specified;

.3 certifies that the cost data presented is complete and includes all related costs under this Contract except the Architect's redesign costs, and waives all claims for additional costs related to the substitution which subsequently become apparent; and

.4 will coordinate the installation of the accepted substitute, making such changes as may be required for the Work to be complete in all respects.

December 6, 2016

/s/ Justin C. Holland, Administrator
City of Chattanooga
Department of Public Works
