Agency:	Emporia State University (ESU)
Location(s):	Emporia, KS 66801

Below are the answers to vendor questions submitted prior to the RFP question deadline. If you have already submitted a proposal, you can update your proposal prior to the closing date/time listed above.

1. Do you have any pictures of the existing lab? Entrances, exits, and where the lights are coming in from.
Yes, these are [available for download](#).
2. Based on the 2D drawing, is this design set in stone?
No, the design and layout of the room is not set in stone. The only limitation is that we are not interested in construction or removing the carpet. Otherwise, we are open to suggestions within the scope of the RFP.
3. Is anything staying in the current design?
No, other than the existing walls, doors, fire alarms/exit signs, etc. and carpet. The room has carded door access and digital signage in the main entrance that will likely remain.
4. Are we using the support rooms or is this just the 2273 square footage that we are working with?
The support rooms may be used, however one must be dedicated to the director's office.

5. Do you want school colors? School colors adjacent? What is the theme you are looking for in this room?

Yes, we would like to incorporate school colors. Please refer to our [brand guidelines](#).

6. Please provide the existing wall colors, floor material and color, as well as any items on the walls. Basically, we need to know what is staying and what is going.

Wall and carpet imagery is included in the photos.
