ADDENDUM #1 TO RFP #20-019

OPENING DATE: Wednesday, April 8, 2020

PROCUREMENT FOR: Forest Management

This addendum will amend **RFP #20-019, Forest Management** originally issued on Wednesday, March 18, 2020. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original RFP documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the Quick Links section and "View Current Bid Solicitations."

Question #1: In section IV .B.5 d & e it requests Timber Harvest Gross Revenues as well as Net Project Revenue / Cost. Normally this is something that is done in the timber management plan after a timber cruise has been completed. Are you just looking for a ballpark estimate over a 10 year period or on an annual basis? As you could imagine the current timber market is very volatile due to the outbreak of Covid 19. Until all of this settles it may be very difficult to capture the accuracy of potential revenues. I noticed a large part of the tract off of Pennyroyal road has been clear cut and has not replanted. Is the cost to replant this tract something you would like projected as well? I am just trying to get a better understanding of how detailed you want this section of the proposal to be.

Response: Please provide ballpark estimates as best you can. Same goes for replanting costs.
