Subject: Apron Rehabilitation and REILS Project
Bid Tabulation, Evaluation, and Recommendation

Dear Mr. Willis,

Holt Consulting has reviewed the bids submitted on April 30th at 2:00 PM for the subject project. Five bids were received for the project, and a detailed evaluation of the two lowest bids was completed. The evaluation included an overall check for completeness with regard to the requirements outlined in the specifications and the accuracy of mathematical calculations. Minor mathematical errors were discovered in the low bidder's additive bid but were corrected in the bid tabulation. A review was also conducted to verify claims of subcontractors being DBE certified by SCDOT, proper NAICS codes, DBE Letter(s) of Intent (LOI) included, and DBE percentage participation meeting or exceeding the established goals.

Upon completion of the review, it was determined that the low bidder submitted a responsive bid and possess the ability to perform the work. Therefore, it is our recommendation that **LCI-Lineberger Construction, Inc.** be awarded the contract for the Apron Rehabilitation and REILS Project. This recommendation is contingent upon FAA review and approval, Lancaster County approval, and the availability of funds.

Please let me know if you have any questions or concerns, and as always, we very much appreciate the opportunity to serve LKR!

Sincerely,

A handwritten signature in blue ink, appearing to read "Ryan Hounshell".

Ryan Hounshell, P.E.
Project Manager
