

ADDENDUM NO: 1

REQ NO: 202726

FINAL SUBMITTAL: September 24, 2020 at 2:00 PM EST

FINAL QUESTIONS: Ended September 17, 2020 at 2:00 PM EST

Department: Parks Division, Public Works

Questions and Answers to Bid# 305982:

Question 1: What type of alarm system is at the location Burg, Fire, or both?

Answer: The list of locations should have been included with the bid docs, but I am attaching the information that I have for the locations that are managed by the Facilities Division.

Question 2: If both, are you looking for monitoring services on fire and security?

Answer: Yes, if allowed by the bid documents and if the fire alarm monitoring is not currently under another monitoring contract (i.e. Johnson Controls (Simplex-Grinnell)).

Question 3: What brand and model alarm system is at each location?

Answer: I do not have this information on the security alarm systems, this would need to be supplied by the current vendor.

Question 4: If awarded, will the current panel programming be unlocked so programming can be changed?

Answer: I believe that this is an industry practice for reputable security alarm contractors to provide unlock codes for their panels (data lock) if the customer changes monitoring services. Verification that the unlock codes will be provided should the award go to another vendor would need to be received from the current vendor.

Question 5: Can we see the last open bid contract awarded?

Answer: If you did not bid on the last open bid, you will need to go the City Attorney's website at www.chattanooga.gov/attorney-office and request a Tennessee Open Records Request.

Question 6: For remote user code management, how many individuals will need access to the platform for this function?

Answer: This has been handled through the vendor via email. If the vendor proposes the ability for this to be handled via an application (login), they should detail this as an added feature to their bid.

Question 7: How are you currently adding and/or removing users from the system?

Answer: This has been handled through the vendor via email.

Req No: 202726 Alarm Monitoring Services
