ADDENDUM NO. 1

RFP NUMBER: __182626__

RFP TITLE: _____Solution For Tracking Citizen Usage At Refuse Collection Centers_____

Question 1)

Page 3 of the RFP states “three to four people will review reports and data.”

Can the City of Chattanooga provide a sample of reports required, or an example of the data needed?

Answer 1) Number of times each center is visited (Ex: center 1 received 200 visitor last month); Names and address of visitors; Driver licenses number

Question 2)

Our proposal will require a resident be issued a “Recycling Center Residential ID” be issued from a pc or laptop on a resident’s first visit. Tracking is than accomplished by using an app on a mobile device. Would this be acceptable?

Answer 2) Yes, possibly, would need this explained

Question3)

Can the City of Chattanooga give specific detail regarding allowances / restrictions on resident visits to recycling locations other than residency? Answer 3) Restrictions- for refuse centers only 12 visits allowed per calendar year. Also, only residents that live within the city limits of Chattanooga are allowed to dump at the refuse center. The Household Hazardous Waste facility is separate and should be customizable to receive both residents that live within the city limits as well as those that live outside the city limits in Hamilton County (East Ridge, Red Bank, etc)
