RE: Addendum No. 1, dated July 26, 2016

This Addendum is for clarification purposes.
This Addendum consists of one (1) page.

- Add. 1.1 Is there a page limit for the proposal? If so, are the forms included in the page count? **There is no page limit for the proposal.**
- Add. 1.2 Has the County identified points of contact for planning coordination with the cities of Sunnyside and Orchid Hill? **In addition to the mayors, Chad Jacobs, Community Development Director, would basically be the point of contact as he would be disseminating information to both.**
- Add. 1.3 Regarding the Minimum Project Scope, Item C.2 (Additional Components/Economic Development): Please clarify the expectations outlined in the 5th bullet (*“Coordinate with local educational institutions to offer programs that support job needs in the local community to retain local talent”*) This appears to be a long-term programmatic task not typically associated with a Comprehensive Plan. Are there initial tasks that the County wants the planning consultant to address? **We are just wanting to plan for ways to help assist in economic development throughout the community. As education is a key component in work force we are looking for possible suggestions how to assist in this area that could be improved through the planning process.**
