ADDENDUM #2 TO 18-19-06**

MECHANICAL (HVAC), ELECTRICAL & PLUMBING SERVICES

The following is a response to a question presented in writing:

- Question pertaining to Requirements located on page 4 item 2:
For the response times, it says that we shall respond within two hours for non-emergency situations. Is that a literal response, i.e. ‘we have a tech on the way, his ETA is X’, or that we would be onsite within two hours of the call?
- Response: For a non-emergency situation, the response time of 2 hours is a guideline for a return call. Each event will be considered on a case by case basis.

All other information not addressed in this addendum remain unchanged.
