

**ADDENDUM NO. II**

**DATE:** August 3, 2022  
**TO:** All Potential Proposers  
**FROM:** James McKeehan, Assistant Purchasing Agent, City of Knoxville  
**SUBJECT:** Addendum No. II to ITB - Tennis Court, Pickleball Court & Basketball Court Maintenance at Multiple Sites

**PROPOSALS TO BE OPENED: August 9, 2022**

This addendum is being published to provide clarification regarding the above referenced RFP. This addendum becomes a part of the contract documents and modifies the original specifications as follows:

**Item 1: Clarifications on Substitutions**

Bidders who wish to substitute products specified in the invitation to bid should be very specific in describing which products they are asking to substitute. Each product substitution should be listed as "one for one" type of substitution. Example "We are proposing Product X as a substitute for Nova Combination Surface", then provide product specifications and documentation.

If we accept a substitution, other specifications listed in the bid will still be enforced. Example - if we substitute Product X for Nova Combination surface, then the ARMOR Crack product still applies unless they receive a separate approval for another "crack repair product" substitution.

To have all products fully substituted, the vendor must submit a substitution for each product listed along with specifications and documentation for each product. It's very important that the product documentation be separated and not thrown in a large group together to avoid excessive time searching through all the documents.

**END OF ADDENDUM NO. II**
