

	<h1>City of Wilson, NC.</h1> <h2>Addendum 1</h2>
<p><u>Please send inquiries and questions about this RFP to:</u></p> <p>Ricky Wilson  Purchasing Manager  <a href="mailto:rvwilson@wilsonnc.org">rvwilson@wilsonnc.org</a></p>	<p>RFP: 2023-14 – Contract Overhead and Underground Labor and Equipment Services</p> <p>RFP Due Date: <b>4/12/23 at 2:00 pm</b></p> <p>Contract Type: Contract Labor Services</p>

Failure to acknowledge and return this addendum may subject your bid to be rejected based on the below information.

Vendor: \_\_\_\_\_

1. Question 1: In general, the RFP appears to be soliciting OH and UG distribution crew services. However, Section 5.2 in the Pricing is requesting rates for Misc Transmission Maintenance Equipment. Please confirm if the City requires the contracted vendor to supply these items for the contract. **We are not interested in pricing under 5.2 related to transmission. This was an error on our end. This addendum removes Section 5.2 and it will be omitted. This can either be left blank or if pricing is submitted it will not be considered.**
2. Question 2: The equipment listed under the Basic Standard Underground Crew in Section 5.3 does not include an excavator/backhoe – please confirm if that is correct. **We will need pricing under 5.3 on a backhoe or mini ex to the underground pricing. Please provide this addendum with pricing for the below with bid submission.**

Backhoe @ \$ \_\_\_\_\_ per hour

Mini Excavator @ \$ \_\_\_\_\_ per hour

3. Question 3: Does the City have any minimum size requirements for the Dump Truck listed under the Basic Small Underground Crew in Section 5.4? **Pricing for dump truck from section 5.4 from the pricing requirements will be exempt and not considered. This addendum removes from section 5.4 - 1-Dump Truck – flat bed with tools from required pricing. If pricing is submitted it will be omitted.**
4. Will the addendums come via email and if not, where would we find them? **The addendums or any other updates would be posted at the following link:**  
<https://vrapp.vendorregistry.com/Bids/View/Bid/d1edf21e-d97e-41d9-8760-bd76ca069aba>

5. Does all equipment have to meet the criteria as stated below? If so, will there be a lot of transmission work? \* Transmission - All equipment must be capable of accommodating wire sizes up to 1272 MCM. Any insulated equipment must be rated for 115 KV. **This addendum addresses the entire section of 5.2 (Miscellaneous Transmission Maintenance Equipment) and it will be omitted and not considered.**
