- 1) QUESTION: Will the county clip/blade the edges of the roadway prior to installation of edge lines?
ANSWER: No. The contractor should perform this.
- 2) QUESTION: The proposal mentioned temporary striping, will these roads be paved or are we re-striping existing?
ANSWER: There is no temporary striping. These are re-striping of existing roads.
- 3) QUESTION: Is the layout of the roads being changed? If not, why are there removal pay items for all existing striping? Unless the pattern is being changed, removal of existing should not be necessary.
ANSWER: Removal should not be necessary. It is the contractor’s responsibility to ensure previous striping is not visible. An alternate has been added to the bid form for unit pricing should any striping modifications be needed prior to project start to accommodate new intersections.
- 4) QUESTION: Can a pay item be added for Thermoplastic RXR crossing symbol? I count 4 total on McCall Road.
ANSWER: See revised bid sheet.
- 5) QUESTION: Since it appears that the hatching will be paid by Linear foot, can a pay item be added for Thermoplastic 8” white to cover the hatching and any crosswalks?
ANSWER: See revised bid sheet.
