

ADDENDUM NUMBER 3 TO THE BID DOCUMENTS

To all general contract bidders of record on the Bid Proposal titled:

**“WILLIAMSON COUNTY LANDFILL GLASS-LINED LEACHATE STORAGE TANK
INSTALLATION**

CONTRACT BID DOCUMENTS AND SPECIFICATIONS JULY 2020”

CEC Project Number 195-266

Addendum Date: July 27, 2020

A. This Addendum shall be considered part of the bid documents for the above mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original bid documents, this Addendum shall govern and take precedence.

B. Bidders are hereby notified that they shall make any necessary adjustments in their estimates as a result of this Addendum. It will be construed that each bidder's proposal is submitted with full knowledge of all modifications and supplemental data specified herein.

The bid documents are modified and clarified, as follows:

Addendum Items:

Item #1: Specification **Section 132000** for the “Storage Tank” is revised as follows:

Section 1.2A – The statement “Tank shall be comprised of all U.S.A. certified steel, fabricated and glass coated in the U.S.A.” has been removed from the tank specification.

Revised **Section 1.2A** is as follows:

“The CONTRACTOR shall provide a new tank structure as supplied from AQUASTORE® STORAGE TANKS (or equal manufacturer specializing in the design, fabrication and erection of factory applied glass-fused-to-steel, bolt together tanks). The tank manufacturer selected by the CONTRACTOR shall employ a staff of full time design

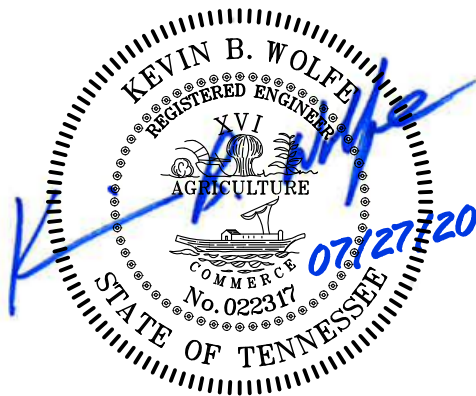

engineers, own and operate its steel fabrication facilities and glass coat the tank all at one plant location.”

Revised **Section 1.3C** is as follows:

“References for five (5) similar projects shall be submitted to the ENGINEER and OWNER from the TANK MANUFACTURER for glass-lined tanks containing over 100,000 gallons in capacity and where Municipal Solid Waste Landfill leachate was the liquid contained in the tank. The five reference projects must be project applications where the tank has been in active service for over five (5) years.”

End of Addendum #3
