BOARD OF COUNTY COMMISSIONERS  
(HCBCC)  
PURCHASING DEPARTMENT**

DATE: 3/08/16

ITB NO. 16-012      ADDENDUM No. 1

Project.: TRACTOR ROAD IMPROVEMENTS HIGHLANDS COUNTY

Owner: Highlands County BCC  
Attn: Purchasing Department  
4320 George Blvd; Sebring, FL 33875-5803

---

The purpose of this addendum is to to address questions submitted to the County by prospective Bidders.

---

Question 1: Does the contractor have the option to use steel or aluminum pipe for the French Drain, 28"x20" Corrugated Metal Pipe?

**Response 1: The construction plans have been revised to include 24" Perforated HDPE Pipe in lieu of 28"x20" Perforated Corrugated Metal Pipe (CMP) for French Drain located from approximately STA 441+05 to STA 445+50. Contractor shall use 24" Perforated HDPE Pipe for said French Drain. See revised Sheet No. 19, No. 20, and No. 21.**

Question 2: The 18" x 12" RCP is cross drains and side drains. Do we have to install this pipe at these locations ½ at a time to accommodate the traffic on Tractor Road, Side Roads and Private Driveways?

**Response 2: Emergency vehicles, local residents and local businesses shall have access at all times.**

Question 3: Does the County have any geotechnical reports for Tractor Road?

**Response 3: Please see attached pothole testing information dated March 3, 2016.**

Question 4: Does the contractor have to remove any trees and/or bushes within the right-of-way?

**Response 4: Yes, per Task No. 6, Clearing & Grubbing (Including Tree Removal), 1 Lump Sum, contractor shall clear and grub all areas of the roadway within the right-of-way along Tractor Road. Please note labels on Sheet No. 18, No. 26, and No. 27 depicting "EXIST. VEGETATION, WITHIN RIGHT-OF-WAY TO BE REMOVED BY PROPERTY OWNER PRIOR TO CONSTRUCTION" have been deleted.**

Question 5: Does the contractor have to construct the roadway to the elevations shown on the construction plans? There will be a cost savings if the contractor does not have to cut/fill

to proposed grade while mixing existing stabilization and existing base material for proposed stabilization.

**Response 5: The contractor shall construct the proposed roadway to the elevations depicted on the construction plans.**

Question 6: Will the contractor be allowed to close Tractor Road?

**Response 6: Closing of Tractor Road may be allowed, however emergency vehicles, local residents and local businesses shall have access at all times.**

Question 7: Does the County foresee any issues with detouring traffic around the construction area? Businesses located on the West side of Tractor Road all have access from US 27. One resident and one business on the East side of Tractor Road will be affected by the detour and will be provided access. A detour will accelerate the Construction Schedule.

**Response 7: See response no. 2.**

Question 8: Please provide the anticipated NTP date.

**Response 8: Approximately 60 days +/- after bid opening.**

Question 9: Please confirm the unit price per ton of Highlands County Asphalt to be used on this project will be \$ 75.00 / Ton.

**Response 9: If the asphalt mix is rejected at the roadway or anywhere else outside the asphalt plant, contractor shall reimburse the County for the asphalt mix at a unit price of \$70.00/ton or the current unit price at that time, not to exceed \$70.00/ton.**

Question 10: Does the County anticipate any Utility Relocations within the Contractors Construction Schedule?

**Response 10: See UTILITIES notes on sheet 3 of 59. The contractor shall coordinate with Duke Energy for the existing utility poles relocation and other utility companies.**

Question 11: Does the County anticipate any County Fees to be paid by the Contractor other than SWFWMD for this Project?

**Response 11: No fees to be paid by the contractor.**

Question 12: In the event that there will be excess material from the improvements to Tractor Road will the county consider accepting this material at their yard?

**Response 12: The County will not consider accepting any excess materials from this project.**

**Please see the attached revised documents:**

1. Spreadsheet of materials.
2. Revised Bid Form, Section 00300. This form must be submitted to be considered responsive and responsible.
3. Revised Plans Sheet 1 through 59.

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to furnish all labor, materials, and equipment to construct and complete the Work according to and as specified or indicated in ITB 16-012 and the Bidding Documents for the Bid Price and within the time periods stated in this Bid and in accordance with the other terms and conditions of the Contract Documents.
2. Bidder accepts all of the terms and conditions of the Advertisement or Invitation to Bid and Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for thirty-five (35) days after the day of Bid opening. Bidder will sign and deliver the required number of the other documents required by ITB 16-012 within fifteen (15) days after the date of County's Notice of Award.
3. In submitting this Bid, Bidder represents that:
  - (a) Bidder has examined and carefully studied the Bidding Documents, including the following Addenda, receipt of all of which is hereby acknowledged:

<i>Date</i>	<i>Number</i>	<i>Date</i>	<i>Number</i>
_____	_____	_____	_____
_____	_____	_____	_____

- (b) Bidder has visited the Site and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, performance, and furnishing of the Work;
- (c) Bidder is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, performance, and furnishing of the Work.
- (d) Bidder acknowledges that County and Engineer do not assume responsibility for the accuracy or completeness of information and data shown or indicated in the Bidding Documents with respect to Underground Facilities at or contiguous to the Site. Bidder has obtained and carefully studied (or assumes responsibility for having done so) all such additional or supplementary examinations, investigations, explorations, tests, studies, and data concerning conditions (surface, subsurface, and Underground Facilities) at or contiguous to the Site or otherwise which may affect cost progress, performance or furnishing of the Work or which relate to any aspect of the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder and safety precautions and programs incident thereto. Bidder does not consider that any additional examinations, investigations, explorations, tests, studies or data are necessary for the determination of this Bid for performance and furnishing of the Work in accordance with the times, price, and other terms and conditions of the Contract Documents.
- (e) Bidder is aware of the general nature of the Work to be performed by County and others at the Site that relates to the Work.
- (f) Bidder has correlated information known to Bidder, information and observations obtained from visits to the Site, and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.
- (g) Bidder has given Engineer written notice of all conflicts, errors, ambiguities or discrepancies that Bidder has discovered in the Bidding Documents and the written resolution thereof by Engineer is acceptable to Bidder, and the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performing and furnishing the Work.
- (h) This Bid is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid. Bidder has not solicited or induced any person, firm or corporation to refrain from bidding, and Bidder has not sought by collusion to obtain for itself any advantage over any other Bidder or over County.
