### NOTICE OF INTENT TO AWARD

Re: Inmate Communications RFP Req.# 35325

Johnson County, TN has carefully reviewed and evaluated all proposal submission documents submitted by each vendor respectively. Johnson County desires to ensure the County receives these services with the best possible benefit and outcome for Johnson County. The evaluators were given the Rating Factor Scale and Evaluating Factors for their consideration. Each evaluator independently provided their scores based upon their unique understanding of and experience with the past, present & future needs of Johnson County Inmate Communications vs the content of the Request for Proposals document and the proposal submissions reviewed.

Time is of the essence for Johnson County to enter into an Inmate Communications contract. To obtain the best benefit for Johnson County, TN and following the tabulated scores, an intent to award Inmate Communications Services goes to **Securus Technologies** for the proposed contractual services as described in their RFP submission. This letter is not to be used as an official purchase order, but only as public notice of an intention of award to be made at a later time. Johnson County considers the final award as being a fully negotiated and a fully executed contract between all involved parties. At its next scheduled meeting, the Johnson County Budget Committee will hold discussion to approve or deny recommending entering into a multi-year contract with the intended award recipient. Subject to approval of the Johnson County Commission. Johnson County has the right to rescind this intent to award at any time, at the County's will and pleasure. Johnson County, TN would like to thank all involved vendors for their participation. Thank you for your time!
