Question #1: Can we have exclusions to the new car bid for EVs? Typically, the manuf: provide any relief between MSRP and the cost to the dealer.

Answer #1: PBA will not purchase electric vehicles at this time.

Question #2: For pre-owned: Instead of MSRP discount or Cost up can we use the NADA price list to provide a discount. JD Powers provides this guide to provide guidance for pricing of pre-owned vehicles that takes into account mileage and accessories/options added to the vehicle. This would provide a more consistent tool to recognize the value on this contract.

Answer #2: Yes, please attach that document to the pricing sheet with your submittal.

End of Addendum #1.
