This addendum will amend **BID #23-065, Fire Systems: Inspection, Monitoring and Maintenance**. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the Quick Links section.

Question 1: We don't have a hood cleaning department will this be a problem?

Response: This can be sub-contracted out but you would have to indicate who you would be subbing these services to and you would be in charge of managing them for these services as part of your contract with the County as our contract would only be with your firm, not your sub.

Question 2: Are you looking for fire extinguisher inspections as well?

Response: Not currently. However, the County may elect to add those services later on by contract amendment if necessary. Currently this is provided by Others.

Question 3: Monitoring- Are the panel types listed on Exhibit B currently monitored via POTS lines or cellular?

Response: Both.

Question 4: Will you entertain bids for fire alarm inspections, monitoring & maintenance only?

Response: All services as indicated in the RFP should be provided. See response to Question #1.

CHANGE: Facility Services asks that if anyone wants to visit the locations to meet the morning of Tuesday, November 7th, 2023 at 8:30 am at the airport at 129 Airport Rd., Georgetown, SC 29440 as Mr. Burriss will be out of the office from 11/9 – 11/26.
