

## **Addendum No. 1**

**Date of Addendum Issuance:** September 30<sup>th</sup>, 2019

**Subject:** Asphalt Concrete Resurfacing and Soil-Cement Reclamation

**Bit Item #:** 19-42001-002

The following shall be included in the bid submittal for the referenced ITB;

In ITB Section entitled "Project Descriptions & Work Scope/Specifications"; sub-section "General Construction Conditions", new item #12 shall be added as follows:

*All millings from the work scope shall be provided to the county. All millings shall be delivered to the location (s) identified by the county and shall be end-dumped as directed by the county. Close coordination with the Public Works Director will be required to ensure that the county is at the locations where millings will be placed to ensure no traffic safety issues arise. The county will spread the millings as necessary.*
