No. 34	No. 43		

**Project Description:** Project will consist of approximately 580 lineal feet of streetscape on the west side of Market Ave. N between 9th Street NW and 11th St. NW. The awarded bidder will remove sidewalk, curb, and drive approach areas then replace with sidewalk with brick inserts and tree grates, integral curb, and drive approach areas. Existing curb MUST be removed from the walk side. Market Ave. road asphalt and base must not be disturbed. Electrical items include installing light pole bases, wiring, conduit, and pullboxes. Information and details of electrical work is on a separate drawing sheet. Contractor will be responsible for obtaining all necessary permits and performing work to City standard drawings and specifications.
