1. Will you want to exchange your current G3 devices for a credit on the purchase of your new G5 units? **We would be very interested in this option to include the current batteries.**
2. Do you want the new devices to utilize the CPR feedback option or would you prefer the lower cost option? **Lower cost option.**
3. The bid states we will be installing the AEDs, what needs to be installed? Cabinets, signs... **Currently, we have cases for all units. Some adhered to the walls and others in set back cases. In either the expectation is that the old devices are removed (for us or the vendor depending on pricing outcome), and new devices are properly placed in the existing cases.**
4. **How many different buildings or locations will the AEDs be sent to or installed in?**
