ADDENDUM #1 TO RFQ_u #23-055

BID NUMBER: 23-055

ISSUE DATE: Thursday, December 21, 2023

OPENING DATE: Wednesday, January 10, 2024

OPENING TIME: 2:30 PM (ET)

Pre-Bid Conference/Site Inspection: [n/a]

PROCUREMENT FOR: Civil, Environmental & General Engineering Services, IDIQ-Series 2

This addendum will amend **RFQ_u #23-055, Civil, Environmental & General Engineering Services, IDIQ-Series 2**. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the Quick Links section.

Question 1: Is there an incumbent/incumbents for this contract? If so, what is the firm's/firms' name/s?

Response: We have five (5) firms under a similar IDIQ contract that were awarded in September 2020. Those firms are as follows: Davis & Floyd, Inc., Gel Engineering, LLC, Stantec Consulting Services, Inc., Thomas & Hutton Engineering Co., and Woolpert, Inc. As stated in this RFQ_u document, those contracts have a maximum term limit of five (5) years and are expected to remain active.

Question 2: I saw this bid opportunity come through and I am curious how this differs from our existing contract for the County? This seems similar, but just curious.

Response: We have had difficulty securing proposals for work the County needs from our current pool of vendors under the original contract. Since we are receiving many grant funded projects under strict timeframes, the County is seeking

firms to help secure the amount of anticipated work. The original contract from 2020 also specified local funds. This contract is intended for grants and/or larger projects. The County encourages all firms, both those who may hold current County contracts as well as firms who do not currently hold County contracts to submit a proposal under this new Series 2 RFQu.
