Questions for Bid No. 20-21/04 COA New Center for Liberal Arts A/V Installation System

1. Extron SF 26PT is suggested in the equipment schedule but not shown on the schematic. Can you please clarify if this is necessary? **This is the suggested speaker for use in the one projector classrooms without a finished ceiling. The schematics may have only shown the example system for the finished ceiling rooms.**
2. Extron Control Panel: TLP P PRO 320M in Equipment schedule (Exhibit C) but TLP PRO 525M in the schematic, which one is correct? **Use the controller in the schematic.**
3. Extron Wall plates and extenders: These are not suggested in the equipment schedule but are shown in the schematic. Do we need to include this? **Yes, include all equipment shown in the schematics in your proposal.**
4. PTZ camera: This is a camera not suggested in the equipment schedule but shown in the drawings. No other details of this. Is this required? If yes, do you have preferred brands/model? **This Cameras is being procured and installed by the owner.**
5. Extron Sharelink: This is not suggested in the equipment schedule but is shown in the schematic. Is this required? **Yes, include all equipment shown on the schematic other than the document cameras.**
6. Small Factor PC and monitor: This is shown in the schematic but not in the equipment schedule. Is the AV contractor responsible to provide this equipment? **The PCs and monitors are already procured by the District. Do not include in price**
7. Extron Control panel: Exhibit C suggests IPL PRO S3 but in the diagram, it shows TLCA-01. which one is correct? **Include the Panels shown in the Diagrams.**
8. Desktop PC is shown in the schematic. Is the AV contractor responsible to provide this equipment? **No.**
