SUBJECT: Addendum No. 2 – Mowing Services for Lakeshore Park
PROPOSALS DUE: February 12, 2020, at 11:00:00 a.m. Eastern Time

Correction:

The map included within this RFP has information that is contradictory to the scope. Proposers are encouraged to use the map as a general guide. For clarification, ALL banks are to be maintained under this contract no matter where they are represented on the included map. All sports fields are excluded, but areas around the sports fields are included under this contract. CMA or “Meadow” area is to be maintained on the same schedule as all other areas. Do not utilize the information noted on the map stating “qtrly” maintenance. This is not accurate. All areas covered under this contract should be maintained on average, every 11 days.

Question 1: Who has the current contract?

Response: Southern Grounds

Question 2: Will the frequency of mowing increase?

Response: Not under this contract. Should special events arise that require an additional mowing cycle, the City of Knoxville staff will provide that additional service.

Question 3: Does all the work need to be self-performed?

Response: No. Bidder is responsible for noting any subcontracting work with bid submission.
