Firm	Location	Total Bid Price
Citory Solutions, LLC	Orlando	\$23,017.39
Davco Electrical Contractors Corp.	Boynton Beach	\$109,686.00

ANALYSIS:

The Recreation Division allocated \$60,000 for the project in the current budget. During the review of bids, the Recreation Division asked the Purchasing Division to confirm the low bidder can comply with the minimum coverage requirements. The low bidder prepared a photometric map and identified areas where the minimum requirements were not met. The low bid was therefore determined to not be responsible.

The other bid is significantly higher than the budgeted amount, and also proposed a lengthy timeline to complete the work (150 days). Staff proposes to modify the scope and requirements of the bid and resolicit.

SOURCE OF FUNDS:

Funding for the project is budgeted and available in the NCAC Maintenance of Structures Except Buildings (00410472-034660) account in the MSTU Fund. There is no anticipated cost associated with resoliciting the work.

RECOMMENDATION:

Staff recommends that the Board reject all bids received in response to 2020024 and authorize staff to resolicit the work.
