2021 Maca Fiber Installation to Maca Park 2021

Addendum No. 1 to Bidding Documents - March 4, 2021

This addendum is for questions that have been asked about the Bid. All answers to the questions are in red font.

1. Do you have a clear marked up map? The one in the bid documents is distorted and hard to read the notes.

Yes – we will email you one by request.

2. It appears there needs to be (7) new vaults. Is this correct?

Yes - that is correct. However, we specified 8 for the bid.

3. Who is going to provide traffic control?

The contractor who is doing the installation.

4. How many cables should be figured in each conduit?

One 48-ct in one and the other will be empty.

5. Is a Coyote Runt closure acceptable for splicing?

No - that is not acceptable for splicing.

6. Is there an existing empty conduit to get fiber into the main pool building?

No, the existing conduit is occupied.

7. Is there a rack to mount a fiber patch panel?

Yes – that is correct.

8. Who is to provide fiber patch cords?

Patch cables from splice rack to network equipment is not part of this bid.

9. What type of connector do you require for the patch panel adapters? LC, SC, ST?

SC Connector

10. Is the existing fiber cable terminated already?

6 of 12 fibers are spliced and active on N Munroe.
