

**Bulloch County Board of Commissioners
Engineering Department**

**Old River Road South Shoulder Widening and Resurfacing Bid # FY22-CP-E03
Bid Opening: August 24, 2021 at 3:00 pm**

Addendum #1 takes the place of items in the original bid.

On the Bid Form (page 8 in the Notice of Solicitation for the above referenced bid) the line items for pavement markings have an erroneous GDOT Item Code that is for paint, while the Item Description references thermoplastic. **All permanent pavement markings for this project shall be thermoplastic.** The GDOT Item Code for the pavement markings line items should be from Section 653, not 652.

Addendum #1 will take the place of the items in the original bid document. Addendum #1 must be signed, dated, and returned in the submitted bid package. **If Addendum #1 is not signed, dated, and returned in the submitted bid package, the submission will be deemed non-responsive and will not be considered for this project.**
