Question: Must your new structure include a ramp please?

Answer: Not necessarily, the RFP calls for “Multiple routes through and around the structure, including stairs, ramps, etc.” If the proposer has a design that can achieve the goal of multiple routes through and around the structure with other mechanisms, that is acceptable.

Question: Do you have a site plan and/or photos of the current site address that you can share please?

Answer: A site plan is not available in the necessary format for sharing. Five pictures are included here.
