

ADDENDUM NO. 1

DATE: February 19, 2021
TO: All Potential Bidders
FROM: Karisa Scott, Procurement Specialist, City of Knoxville
SUBJECT: Addendum No. 1 – Solid State Load-Switch

BIDS TO BE OPENED: February 26, 2021, at 11:00:00 a.m. (Eastern Time)

This addendum is being published to answer questions from potential bidders and becomes a part of the Contract Document and modifies the original specifications as noted.

Question #1: Are we to put an individual price or calculated out to your estimated usage?

Response: The price submitted should be an individual per-unit cost. No specific purchase quantities are guaranteed and the estimated quantities are provided only as a tool for bidders to use when calculating unit cost.

Question #2: The pin out that you sent is somewhat generic and I was asked whether the load switches have 3 LED or 6 LED's. Pricing is vastly different between the two and we just want to make sure we are quoting what the department needs.

Response: Please provide pricing for the 6 LED's lights.
