Re: Invitation to Bid ITB# 1819-12-011  
Energy Efficient Lighting for Coral Reef Park and Palmetto Bay Park

**ADDENDUM NO. 1**

Prospective Bidders,

This Addendum forms a part of the ITB Package Document dated May 1<sup>st</sup>, 2019, with the amendments and additions noted below (deletions are shown by strikethrough and additions are underlined.)

**Ms. Brenda Friedman, Spark Lighting**

- Question: Can we supply parts only or we need to do installation as well?
- ***Village: As stated on the bid form, we are looking for material, delivery and installation incorporated into the price.***

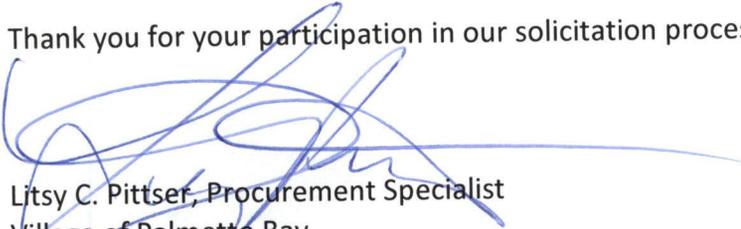

**Mr. Andres Paez, Light Cardi LLC.**

- Question: The question is what voltage and watts are looking for the parking lots at Coral Reef Park then we can find the best effective product to offer.
- ***Village: The Village inherited the park from the County with those light poles already there; therefore, we do not know that information. But we would like enough light ground coverage for security.***
- Question: At Palmetto Bay Park they're changing the bulbs and covers for new ones more info on the type of bulbs they are looking for same voltage and watts or if we can see what they have now so we can have an idea and then we can suggest what could be the best.

- *Village: The Village's aim is to retrofit or replace halogen bulbs with LED lights or solar. If you would like to come by and see the facilities, please let Litsy Pittser know so she can accommodate.*

**All other terms and conditions stipulated in the original Village of Palmetto Bay Invitation to Bid shall remain in force. All addenda created will be incorporated into the final contract and must be acknowledged in all bids. The form of acknowledgement is included and failure to sign and submit this form may result in your bids from being rejected.**

Thank you for your participation in our solicitation process.
