Quote NO. FWQ 23-033-CLG ADDENDUM No. 2
Project.: Hammock Road Traffic Counts for ADA Improvements

The following represents clarification, additions, deletions, and/or modifications to the above referenced solicitation. This addendum shall hereafter be regarded as part of the solicitation. Items not referenced herein remain unchanged. Words, phrases or sentences with a strikethrough represent deletions to the original solicitation. Underlined words and bolded, phrases or sentences represent additions to the original solicitation, as applicable.

This addendum is being issued to revise the deadline for submittal of bids and answer questions received on this solicitation.

1. The deadline for submittal is being revised to Tuesday, August 15, 2023
2. The deadline for RFI is being revised to Tuesday, August 8, 2023

Questions and Answers

- Q1
- A. Can you please clarify what's required for the bike/ped counts?
 - B. Are we simply counting people that cross the road along each arrowed segment, or are we counting people that walk along the sidewalks per each segment?
 - C. If possible, do you have a sample data template we can follow?
- A1
- A. Please refer to the FDOT Manual on Uniform Traffic Studies, Sections 3.8, 3.9 and Chapter 9. In addition the FDOT Traffic Monitoring Handbook has various information as to the collection of data for pedestrian paths.**
 - B. For this project, the consultant shall provide hourly summaries in 15 minute increments of the total volume of pedestrians and bicyclists along the path, which should coincide with the segments between intersection counts. The pedestrian/bicycle summary should be shown tabularly in spreadsheet format listing the segments begin and segments end in 15 minute increments (pedestrian, bicycle, other (motorized scooter, golf cart, etc.) within the form.**
 - C. No, the County does not have a form for collecting the data but it is described above.**
