- VIII. Project Team  
There are two separate scopes that offerors can submit proposals for. Offerors may submit proposals on either, or both, scopes. The SCOP section is unique and newly implemented by the state – officer qualification piece takes time.  
  
SCOP unique role is to receive transfer custody. Supportive communication – individuals usually coming in in a place of crisis.  
  
Security Guard piece – Bozman and Water Pollution Control Plant. Bozman has a lot of public foot traffic, security guards will interact with constituents.
- IX. Questions?  
When it comes to armed and unarmed – unarmed may come to be armed. Could you explain that? Bozman we do want them to be armed – main government center.  
2100 Armed ready.  
  
Timeline for approval of SCOP? Brand new process and it took us 18 months, but we anticipate it will take much less time.  
  
Living Wage – we don't do anything more granular than our living wage – it just needs to meet ours.
