The tie in point of the new line refers to the term TAP and Dog house MH. Please confirm it is do be a dog house MH.

Yes, doghouse manhole

It was mentioned in the pre bid that a water line may be installed in the ditch as well. Can you please provide clarity to what the expectation is in relation to the ditch? Is the contractor digging for more than just the called out sewer line?

The water department will coordinate with the contractor.

Is there a bedding requirement for this sewer line? If so please provide a detail
