

Request for Proposal for Records Reconditioning and Preservation

RFP #4908

Question and Answer

1. Section A, Conservation Item No. 9, Page 2

Can the County Registry of Deeds please confirm the type of binder required for these volumes (and, therefore, the sample binder for submission), and that imprinting is roller shelf style? Examination of previous work for the County indicated that 3/4 Fab Recorder Style Binders were preferred.

Answer: Binders are 3/4 Fab Recorder Style binders and yes imprinting is roller shelf style. Vendors will inspect and examine previously restored books at any of the three mandatory pre-bid meetings.
