PROCUREMENT FOR: Electronic Waste Recycling Services

This addendum will amend **Bid #21-046, Electronic Waste Recycling Services** originally issued on Friday, August 20, 2021. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the Quick Links section.

Question #1: I am reviewing the subject bid and would like to know what commodities you are classifying as "miscellaneous" waste listed in your solicitation. Do you have a commodity list that fills this category? Do you have quantities of these items that you collect? i.e. Solar Panels, Batteries (Li Ion, rechargeable, etc)

Response: Miscellaneous Electronics average about 40 tons per year. This typically ends up being printers, computer peripherals (mice, keyboards, speakers), radios, small appliances (toasters, blenders, etc), entertainment equipment (DVD players, stereos, etc), hair dryers, some battery operated toys, and other random consumer electronics.

Question #2: Can you clarify if this contract requires a drop trailer to be onsite at all times, or if the County has the ability to live load trailers during a pickup?

Response: **The current contract requirement is for onsite trailer at all times. The County does not have the ability to live load trailers during a pickup on a regular basis.**
