Recommendation:

Award is based on the lowest responsive and responsible bidder. When County places an order, County will first contact the lowest, responsive, and responsible Bidder. If the lowest, responsive, and responsible Bidder is incapable of supplying the volume of hauling required in the timeframe requested by the County, the next lowest, responsive, and responsible bidder will be contacted. The County will continue through the cycle of contacting the next lowest, responsive, and responsible bidder until the County's hauling requirements are met. A purchase order will be issued to each such Contractor that meets specifications required by the Purchasing Manager.
