ADDENDUM 001

October 11, 2019

ADA Ramps

20-B0022

A Pre-Bid Meeting was held. Those in attendance were:

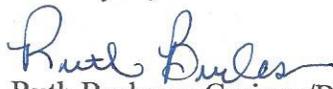

Stalvey Construction	Kia Ford
1 st Construction Management	Jackie Windham
Palmetto Corp	Amanda Ware
Associates Roofing & Construction	Ken Crafton
Saltwater Construction	Mark Patterson

The following questions have been asked and answered:

1. On the 6" vertical curb there is only 6' in quantity on the bid sheet and I am wondering if this is because you consider the curb going into the ramp that goes from 6" to smaller is considered something else?
A. That is correct that is what we are considering vertical curb.
2. Will change orders be issued for quantity that is larger than what is showing on the bid sheet?
A. Only if prior approval is given before work is performed. Some quantities may be smaller for a deduct depending on ramp size.

The bid date will remain the same, 2:00 October 18, 2019

Thank you,

Ruth Burleson Garigen/Buyer
