Instructions for Certification

Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

- a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.
- b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneously by reason of changed circumstances.
- d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).
- e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without

modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

(End of Form)

**CERTIFICATION FOR DISCLOSURE OF LOBBYING ACTIVITIES
ON FEDERAL-AID CONTRACTS

(Standard Form-LLL can be obtained from the Florida Department of Transportation's Professional Services Administrator or Procurement Office.)

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

expiration date, the issuing insurance carrier will endeavor to mail thirty (30) day written advance notice to the certificate holder. In addition, the Vendor hereby agrees not to modify the insurance coverage without thirty (30) days written advance notice to the Village.

Compliance with the foregoing requirements shall not relieve the Vendor of this liability and obligation under this section or under any other section in the Agreement.

If the insurance certificate is received within the specified time frame but not in the manner prescribed in the Agreement, the Vendor shall be verbally notified of such deficiency and shall have an additional five (5) calendar days to submit a corrected certificate to the Village. If the Vendor fails to submit the required insurance documents in the manner prescribed in the Agreement within fifteen (15) calendar days after Village notification to comply, the Vendor shall be in default of the contractual terms and conditions and award of the Contract will be rescinded, unless such time frame for submission has been extended by the Village.

The Vendor shall be responsible for assuring that the insurance certificates required in conjunction with this Section remain in force for the duration of the contractual period of the Contract, including any and all option years or extension periods that may be granted by the Village. If insurance certificates are scheduled to expire during the contractual period, the Vendor shall be responsible for submitting new or renewed insurance certificates to the Village at a minimum of thirty (30) calendar days in advance of such expiration. In the event that expired certificates are not replaced with new or renewed certificates which cover the contractual period, the Village shall suspend the Contract until such time as the new or renewed certificates are received by the Village in the manner prescribed herein; provided, however, that this suspended period does not exceed thirty (30) calendar days. Thereafter, the Village may, at its sole discretion, terminate this contract.

Article 26 Joint Preparation

Article 37 Accuracy of Specifications

The specifications for this project are believed by the Village to be accurate and to contain no affirmative misrepresentation or any concealment of fact. Vendors are cautioned to undertake an independent analysis of any test results in the specifications, as Village does not guaranty the accuracy of its interpretation of test results contained in the specifications package. In preparing its proposal, the Vendor and all sub-Vendors named in its proposal shall bear sole responsibility for proposal preparation errors resulting from any misstatements or omissions in the specifications that could easily have been ascertained by examining either the project site or accurate test data in the Village's possession. Although the effect of ambiguities or defects in the specifications will be as determined by law, any patent ambiguity or defect shall give rise to a duty of Vendor to inquire prior to proposal submittal. Failure to inquire shall cause any such ambiguity or defect to be construed against the Vendor. An ambiguity or defect shall be considered patent if it is of such a nature that the Vendor, assuming reasonable skill, ability and diligence on its part, knew or should have known of the existence of the ambiguity or defect. Furthermore, failure of the Vendor or sub-Vendors to notify Village in writing of specification defects or ambiguities prior to proposal submittal shall waive any right to assert said defects or ambiguities subsequent to submittal of the proposal.

To the extent that these specifications constitute performance specifications, the Village shall not be liable for costs incurred by the successful Vendor to achieve the project's objective or standard beyond the amounts provided therefore in the proposal.

In the event that, after awarding the contract, any dispute arises as a result of any actual or alleged ambiguity or defect in the specifications, or any other matter whatsoever, Vendor shall immediately notify the Village in writing, and the Vendor and all sub-Vendors shall continue to perform, irrespective of whether or not the ambiguity or defect is major, material, minor or trivial, and irrespective of whether or not a change order, time extension, or additional compensation has been granted by Village. Failure to provide the hereinbefore described written notice within one (1) working day of Vendor's becoming aware of the facts giving rise to the dispute shall constitute a waiver of the right to assert the causative role of the defect or ambiguity in the plans or specifications concerning the dispute.

Article 38 Warranty of Authority

The signatories to this contract warrant that they are duly authorized by action of their respective Village commission, board of directors or other Village to execute this contract and to bind the parties to the promises, terms, conditions and warranties contained in this contract.

Pursuant to Florida Statue 20.055(5) & LAP Agreement, 17.0; it is the duty of every state officer, employee, agency, special district, board, commission, contractor, and subcontractor to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to this section.

Article 40 Waiver of Liens

Prior to final payment of the Contract Sum, a final waiver of lien shall be submitted by all suppliers, sub vendors, and/or Vendors who worked on the project that is the subject of this Agreement. Payment of the invoice and acceptance of such payment by the Consultant shall release Village from all claims of liability by Consultant in connection with the agreement.

Article 41 Independent Consultant

This Agreement does not create an employee/employer relationship between the Parties. It is the intent of the Parties that the Vendor is an independent consultant under this Agreement and not the Village's employee for any purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Worker's Compensation Act, and the State Unemployment Insurance law. The Vendor shall retain sole and absolute discretion in the judgment of the manner and means of carrying out Vendor's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement shall be those of Vendor, which policies of Vendor shall not conflict with Village, State, or United States policies, rules or regulations relating to the use of Vendor's funds provided for herein. The Vendor agrees that it is a separate and independent enterprise from the Village, that it had full opportunity to find other business, that it has made its own investment in its business, and that it will utilize a high level of skill necessary to perform the work. This Agreement shall not be

construed as creating any joint employment relationship between the Vendor and the Village and the Village will not be liable for any obligation incurred by Vendor, including but not limited to unpaid minimum wages and/or overtime premiums.

DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM

FDOT DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The overall goal for the Florida Department of Transportation's (FDOT) Disadvantaged Business Enterprise (DBE) program for FHWA assisted contracts is established on a triennial basis. The Florida Department of Transportation (Department) has an overall goal for federal fiscal years 2018 - 2020 set at ten point sixty-five percent (10.65%) race-neutral DBE goal utilizing the methodologies described in 49 CFR. Because this is a Federal-aid contract, the Consultant should fully comply with the goal. This means that the State's goal is to spend at least 10.65% of the highway dollars with Certified DBE's as prime Consultants or as sub-consultants. Race-neutral means that the Department believes that the 10.65% overall goal can be achieved through the normal competitive procurement process. Although not a contract requirement, the Department believes that this DBE percentage can realistically be achieved on this project based on the number of DBE's associated with the different types of work that will be required.

Under 49 Code of Federal Regulations Part 26, if the 10.65% goal is not achieved, the Department may be required to return to a race-conscious program where goals are imposed on individual contracts. The Department encourages all of our Consultants to actively pursue obtaining bids and quotes from Certified DBE's.

ANTICIPATED DBE PARTICIPATION STATEMENT

The Department is reporting to the Federal Highway Administration the planned commitments to use DBE's. This information is being collected through the Anticipated DBE Participation Statement.

EQUAL OPPORTUNITY REPORTING SYSTEM

The Prime Consultant must enter Anticipated DBE Participation in to the EOC System by the date of the Pre-Construction Meeting. The Agency assigned LAP RCS will review and accept the DBE participation entered in the EOC System. The "EOC" The Equal Opportunity Compliance system is a web-based application developed to manage DBE/MBE reporting and ensure compliance. This application is used statewide by FDOT prime contractors/consultants to report Bidders Opportunity List, DBE Commitments and DBE/MBE Sub payments.

BIDDERS OPPORTUNITY LIST

The Federal DBE Program requires States to maintain a database of all firms that are participating, or attempting to participate, on USDOT-assisted contracts. The list must include all consultants that bid on prime contracts or bid or quote subcontracts on USDOT-assisted projects, including both DBE's and Non-DBE's.

OFFICE OF FEDERAL CONTRACT COMPLIANCE PROGRAMS (OFCCP)
EXECUTIVE ORDER 11246
EEO AND AFFIRMATIVE ACTION GUIDELINES FOR FEDERAL CONTRACTORS
REGARDING RACE, COLOR, GENDER, RELIGION, AND NATIONAL ORIGIN**

BASIC PROVISIONS

Since 1965, the U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) has been committed to ensuring that Government contractors comply with the equal employment opportunity (EEO) and the affirmative action provisions of their contracts.

OFCCP administers and enforces [Executive Order 11246](#), as amended, which prohibits federal contractors and federally assisted construction contractors and subcontractors, who do over \$10,000 in Government business in one year from discriminating in employment decisions on the basis of race, color, religion, sex, or national origin.

The Executive Order also requires Government contractors to take affirmative action to ensure that equal opportunity is provided in all aspects of their employment.

AFFIRMATIVE ACTION REQUIREMENTS

Each Government contractor with 50 or more employees and \$50,000 or more in government contracts is required to develop a written affirmative action program (AAP) for each of its establishments.

A written affirmative action program helps the contractor identify and analyze potential problems in the participation and utilization of women and minorities in the contractor's workforce.

If there are problems, the contractor will specify in its AAP the specific procedures it will follow and the good faith efforts it will make to provide equal employment opportunity.

Expanded efforts in outreach, recruitment, training and other areas are some of the affirmative steps contractors can take to help members of the protected groups compete for jobs on equal footing with other applicants and employees.

Continued on following page

ENFORCEMENT AND COMPLIANCE

Compliance Reviews

OFCCP conducts compliance reviews to investigate the employment practices of Government contractors. During a compliance review, a compliance officer examines the contractor's affirmative action program; checks personnel, payroll, and other employment records; interviews employees and company officials; and investigates virtually all aspects of employment in the company. The investigator also checks to see whether the contractor is making special efforts to achieve equal opportunity through affirmative action. If problems are discovered, OFCCP will recommend corrective action and suggest ways to achieve equal employment opportunity.

Complaint Investigations

Individuals may file complaints if they believe they have been discriminated against by federal contractors or subcontractors. Complaints also may be filed by organizations on behalf of the person or persons affected.

Complaints must be filed within 180 days from the date of the alleged discrimination, although filing time can be extended for a good reason.

If a complaint filed under Executive Order 11246 involves discrimination against only one person, OFCCP will normally refer it to the EEOC. Cases involving groups of people or indicating patterns of discrimination are generally investigated and resolved by OFCCP. Complaints may be filed directly with any of OFCCP's regional or district offices throughout the country, or with OFCCP in Washington, D.C.

Compliance Assistance

To help contractors understand their contractual obligations for EEO and affirmative action, OFCCP provides technical assistance. District office staff offers guidance to contractors on how to develop an affirmative program through company seminars, training programs held in conjunction with industry liaison groups, and one-on-one consultations on affirmative action practices and procedures.

Enforcing Contract Compliance

When a compliance review discloses problems, OFCCP attempts to work with the contractor, often entering into a conciliation agreement. A conciliation agreement may include back pay, job offers, seniority credit, promotions, or other forms of relief for victims of discrimination. It may also involve new training programs, special recruitment efforts, or other affirmative action measures.

When conciliation efforts are unsuccessful, OFCCP refers the case to the Office of the Solicitor for enforcement through administrative enforcement proceedings. A contractor cited for violating EEO and affirmative action requirements may have a formal hearing before an administrative law judge.

If conciliation is not reached before or after the hearing, sanctions may be imposed. For example, a contractor could lose its government contracts or subcontracts or be debarred, i.e., declared ineligible for any future government contracts.

Further Information

For more information about contract compliance, filing complaints, or compliance assistance, contact any of OFCCP's regional or district offices. All offices are listed in telephone directories under U.S. Department of Labor, Office of Federal Contract Compliance Programs.
