

# Paint Specification (Revised)

## *Spartanburg School District Two - Carlisle-Foster's Grove Elementary*

21<sup>st</sup> March 2022

### **Overview**

Listed below are the paint specifications for the metal roofing over the office area and media center.

### **AREA OF PEELING KYNAR COATED METAL:**

- Clean by wet blasting area as described with fine glass beads to remove existing peeling and peeled areas and to also attain a profile for recoating. After blasting, allow it to dry, then apply 2 coats of Noxyde Rust-Oleum Acrylic Elastomeric Coating to match the existing color as closely as possible. Allow overnight drying between coats; then apply a finish coat of Rust-Oleum DTM (color to match the roof).

**Note:** Areas of all failing vertical facia are to be included in the bid which includes removal of existing coating by blasting then primed and top coated with the same system as above.
