The mission of Broward County Housing Authority, its affiliates and instrumentalities (hereinafter, jointly referred to as “BCHA”) is to create, provide and increase high quality housing opportunities for Broward County residents through effective and responsive management and responsible stewardship of public and private funds.

The United States Department of Housing and Urban Development ("HUD"), a federal agency, partially funds and monitors operations of the BCHA. A recommendation will be based on the responsiveness of the firm’s information to the evaluation factors, which responses will demonstrate the firm’s understanding of said factors and the firm’s capacity to perform the required services under this RFQ.

This solicitation is subject to the Procurement Handbook for Public Housing Agencies (7460.8 Rev-2), available at [https://www.hud.gov/program\\_offices/administration/hudclips/handbooks/pihh/74608](https://www.hud.gov/program_offices/administration/hudclips/handbooks/pihh/74608) and BCHA Procurement Policy, as revised April 21, 2020, a copy of which is available at <https://bchafl.org>.

## 5.0 Evaluation Criteria Response – Technical Proposal

The proposed evaluation is an initial process designed to elicit a short list of firms; with the contract awarded not necessarily to the firm of least cost, but rather to the firm with the best combination of attributes (i.e. qualifications and experience, technical approach, and cost), based upon the evaluation factors specifically established for this RFQ. The establishment, application and interpretation of the above evaluation criteria shall be solely within the discretion of BCHA.

Proposers should provide all information outlined in the Evaluation Factors to be considered responsive. Proposals will be evaluated based on the responsiveness of the firm’s information to the Evaluation Factors which will demonstrate the Proposer’s understanding of the Evaluation Factors and capacity to perform the required services of this Request for Qualifications. The maximum points that shall be awarded for each of the Evaluation Factors are detailed and described below.

The following factors will be utilized by BCHA to evaluate each submission received. Award of points will be based on the documentation that the proposer submits within the submission.

### 5.1 Evaluation Method and Award Process

Each proposal will first be evaluated for responsiveness (i.e., meets the minimum qualifications of the published requirements). BCHA reserves the right to reject any proposals deemed as not minimally responsive.

BCHA will form an Evaluation Review Committee to review proposals and make recommendation to the Contracting Officer and the Board of Commissioners for selection based on, but not limited to, the evaluation factors set forth above. Factors not specified in the RFQ will not be considered. BCHA reserves the right to waive any minor irregularities or technicalities in the proposals received. Proposals will be evaluated on an individual basis against the requirements stated in the RFQ.

After the individual evaluations, the committee will determine the top proposals (shortlist) that have an acceptable or above scoring based on the scoring guide below. This meeting will be a public meeting.

Scoring Guide:

0 to 49 points - Non-Responsive or No Response

50 to 69 points - Marginal

- 70 to 89 points - Acceptable
- 90 to 99 points - Exceeds Acceptable
- 100 points - Outstanding in all Respects

After the ranking of the shortlisted Firms, BCHA will request to the shortlisted Firms to submit a completed copy of the Fee Proposal with support information to BCHA. Pricing negotiations will begin with the number one ranked Firm.

Final award will be approved by the BCHA Board of Commissioners.

BCHA will decide of whether, in the opinion of BCHA, the firm is capable of undertaking and completing the RFQ scope of work delineated within this RFQ in a satisfactory manner. BCHA will award a contract only to a responsible firm that has the ability to successfully perform under the terms of this RFQ. BCHA's determination includes an assessment of the firm's technical resources/ability to perform the scope of work in accordance with the RFQ requirements. The responsibility determination also includes consideration of a firm's integrity, compliance with public policy, past performance with BCHA (if any), and eligibility to perform scopes of work that are funded by the Federal, State or local government (e.g., debarment/suspension for any Federal, State or local government).
