BID DEADLINE: Thursday, December 17, 2020 1:00 PM CST

SCOPE OF WORK: Springfield Electric Department (SED) has identified approximately 250 Three Phase meters that it would like to have field tested for accuracy. All of these meters are Current Transformer meter sites with some having Potential Transformers. The Contractor will need to test and verify all the metering equipment is working properly and record the field manufacturer and model number of the equipment and also take a photograph of this equipment. Once the field check is completed, the Contractor will review the billing information in the SED Customer Information System for accuracy. The Contractor will assist SED in rectifying any irregularities identified in the field check and billing record errors.

TIME PERIOD: SED believes that this project can be completed within 30 days. However, the Contractor should identify their proposed time period. Due to the nature of this work, SED requires all work to be performed during normal work hours Monday through Friday.

PAYMENTS: SED requests the Contractor submit monthly invoices for their payment.

SPECIAL EQUIPMENT OR SERVICES: SED will furnish a metering technician to assist with every meter location. SED's employee will have keys and other locking devices to secure each site after the testing has been completed.

SUBMITTAL INFORMATION: SED requests that the Contractor provide a brief description of their companies experience with this type of meter work along with a short biography of each employee engaged with this testing contract. Please list the testing equipment and procedures that you will use for CT's metering installations. Also indicate your mobilization and per diem costs for the duration of

this project. Finally, please include a short list of utility references that have used your meter testing services in the past three years.

SAFETY REQUIREMENTS: SED will hold a safety meeting with the successful contractor to review all safety aspects of this project. SEW subject to Ten-OSHA regulation. We follow the American Public Power Safety Manual which we will make available to the contractor's employees. SED Management will hold a training class on the hazards of this contract and the appropriate Personal Protection Equipment needed for our electric system.

FINAL DEADLINE FOR WORK: SED requests that all work associated with this bid be completed by December 30, 2021.

IRAN DIVESTMENT ACT NOTICE

Tenn. Code Ann. § 12-12-106 requires the chief procurement officer to publish, using credible information freely available to the public, a list of persons it determines engage in investment activities in Iran, as described in § 12-12-105.

For these purposes, the State intends to use the attached list of “Entities determined to be non-responsive bidders/offerers pursuant to the New York State Iran Divestment Act of 2012.”

While inclusion on this list would make a person ineligible to contract with the state of Tennessee, if a person ceases its engagement in investment activities in Iran, it may be removed from the list.

If you feel as though you have been erroneously included on this list please contact the Central Procurement Office at CPO.Website@tn.gov.
