Dear Daniel Payne:

The Northwest Florida Water Management District (District) received your application on August 06, 2018 requesting an exemption verification for the referenced project.

Based on the information provided, the District has determined that the project is eligible for an exemption under 62-330.051(15), 62-330.051(9). Therefore, the project will not need a District permit pursuant to rule reference.

This exemption verification only applies to the requirements of the District and does not relieve you of meeting the permit requirements of other agencies. Please contact Erica Bundrick at (850) 683-5044 if you have any questions.

Sincerely,

Andrew Joslyn
