Question No. 1 Regarding RFP section 1.1 C. The selected Vendor must have at least one storage facility (or shall have prior to award of an Agreement) that meets the requirements specified in the Scope of work the “Storage Facility”). The Storage Facility must be appropriately zoned and located no further than ten miles driving distance from Avondale City Hall. Will the City accept a Storage Facility that is 11 miles driving distance from City Hall?

Answer: *The 10-mile driving distance from Avondale City Hall to the Vendor’s Storage Facility is required.*

According to ARS 28-3514, if a peace officer removes and either immobilizes or impounds a vehicle pursuant to section 28-3511, the agency may provide the owner or other interest in the vehicle, the opportunity for a hearing prior to the end of the thirty-day immobilization period. The hearing shall be conducted within the impounding agency’s jurisdiction. This being the Avondale City Hall centralized location. Thus, for the convenience of Avondale citizens, the 10-mile driving distance radius from Avondale City Hall to the tow Vendor’s storage facility is required.
