

ADDENDUM NO. 2

Issue Date: February 11, 2020

Project Name: RFP for Disaster Debris Removal

RFP Number: 2020025

RFP Opening Date: February 19, 2020

This addendum is being released to answer questions received to date. No additional questions will be considered.

The information and documents contained in this addendum are hereby incorporated in the Request for Proposals. **This addendum must be acknowledged where indicated on the Proposer Information Form, or the proposal may be declared non-responsive.**

Questions and Answers

P.16 has a bulleted list of what the proposal must include but it is technically a subsection of Tab A

- 1. Qualifications and Experience. Please confirm that the requirements in this bulleted list need to be contained in the proposal but not in Tab A specifically.**

Information should be provided in the tabbed sections as detailed to facilitate review by the committee. Please provide the information in the bulleted list under Tab A.

- 2. Please confirm that we do not need to include the sample agreement in our proposal submittal.**
The sample agreement should not be returned. It is provided as a starting point for negotiations.

- 3. With the addendum posted with bid tab, do you have one with pricing versus just the ranks?**
Please reference the attached "Pricing by Firm and Item" document created during the evaluation process for RFP 2016015.

- 4. Should C&D debris be taken to a DMS for reduction, will compaction be the accepted method of reduction?**

C&D will be taken to a DMS per the bid requirements. Reduction will be the responsibility of the Debris Contractor, the method will not be dictated by the County.

- 5. Pricing form – Specialty Removal – Debris removal from canals, rivers, creeks, streams – will this work be land-based or marine based operations?**
All land based.

- 6. Our most recent "red tide" clean up event in a Pinellas County was contracted with all daily or**

Addendum 2 - 2020025

hourly charges per line item. We can convert this to a per yardage price but it might be beneficial for the County to ask for daily and hourly pricing in this solicitation. Pinellas County was very successful with this approach that resulted in Florida DEP reimbursement of 100% of our charges to them last year.

The current method of payment will not be changed.

7. Can we provide alternate pricing for additional services?

No.
