2. Will pricing be evaluated yearly at each roll over date or at the beginning of each school year?

According to Attachment I-Scope of Work, page 28, #6 "Escalation Clause: Prices must remain firm for the entire length of the contract. If there is a compelling reason for a price increase, price escalation may be considered. In other words, if the successful contractor cannot honor pricing due to market-related issues that will result in a price increase for packer to the vendor, or an 'Act of God', or similar catastrophe and/or an unusual event beyond the control of the Offeror during the life of the contract, then price escalation may be allowed."
