DATE: November 25, 2020

TO: Prospective Respondents

FROM: Amy Lucey, Contracts Administrator

SUBJECT: Addendum #1 to Invitation for Bids # 36315 Woody Vegetation Removal – Mechanical Vegetation

As a result of inquiries, the following clarifications/changes are provided for your information.

- Q1: Site 1, south end. Will the barbed wire fence be removed prior to starting the work? We can work around it/up to it, but that excludes a good portion of mulching work if it's not removed.
- A1: Site 1: The barbed wire fence does not belong to the District, so we are not able to remove it. We can only do mechanical veg up to the fence line.
- Q2: Site 1, all areas. Will large, healthy oaks and pines at the toe of the levee be left in place or do they come out with everything else?
- A2: Site 1: Large healthy trees within the 24ft mechanical vegetation zone, or up to a fence or water line shall be removed.
- Q3: Site 3, all areas. Can we work from the flat portion of land between the toe of the levee and the canal?
- A3: Site 3: The flat area between Levee and canal does not belong to the District.
- Q4: Can we work non-holiday weekends?
- A4: The District prefers contractor work hours to be Monday thru Friday. If extenuating circumstances happen and additional days are needed the District may allow work on the weekends or extend the contract date.

NOTE: The Bid Opening **remains** 2:00 p.m., **Wednesday, December 9, 2020**

Please acknowledge receipt of this Addendum on the **BID FORM** provided in the bid package.
