## **I. INTRODUCTION TO EVALUATION PROCESS**

Arlington County, Virginia, is soliciting proposals from Offerors having experience and abilities in the areas identified in this solicitation. Each proposal must contain evidence of the Offeror's qualifications in the specified areas and in other disciplines directly related to the proposed work. Offerors might also be required to submit profiles and resumes of the staff to be assigned to the project, references, examples of similar work performed and other information that will clearly demonstrate the Offeror's relevant expertise, as specified in the solicitation.

A County Selection Advisory Committee ("SAC") will review and evaluate all written proposals based on the criteria identified in this solicitation. Subsequent evaluations, such as to select firms for negotiation, may include, but are not limited to, review of more detailed proposals and/or oral presentations. Any such subsequent evaluations will be based on the same criteria.

The County reserves the right to accept or reject and to waive any informalities or irregularities in the proposals and to contract as the best interests of the County require in order to obtain the services described in this RFP. Selection of an Offeror's proposal does not mean that all aspects of the proposal are acceptable to the County. The County reserves the right to negotiate terms and conditions with the selected Offeror before executing a contract.

### **MANDATORY REQUIREMENTS**

Note that this solicitation contains qualification requirements that are mandatory for all Offerors. Refer to the Proposal Submittal Elements section of this document for details.

ALL QUESTIONS RECEIVED BY THE QUESTION DEADLINE WILL BE RESPONDED TO WITHIN VENDOR REGISTRY AND POSTED FOR ALL OFFERORS. THE SYSTEM WILL NOT ACCEPT ANY QUESTIONS AFTER THIS DATE AND TIME.**

If any questions or responses require revisions to this solicitation, such revisions will be by formal Addendum only. Offerors are cautioned not to rely on any written, electronic, or oral representations made by any County representative or other person, including the County's technical contact, that appear to change any portion of the solicitation, unless the change is ratified by a written Addendum to this solicitation issued by the Office of the Purchasing Agent.

### 3. OFFERORS' RESPONSIBILITY TO INVESTIGATE

Before submitting a proposal, each Offeror must make all investigations necessary to ascertain all conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the Offeror will rely. No pleas of ignorance of such conditions and requirements will relieve the successful Offeror from its obligation to comply in every detail with all provisions and requirements of the contract or will be accepted as a basis for any claim for any monetary consideration on the part of the successful Offeror.

### 4. INTEREST IN MORE THAN ONE PROPOSAL, AND COLLUSION

Reasonable grounds for believing that an Offeror is interested in more than one proposal for a solicitation, including both as an Offeror and as a subcontractor for another Offeror, or that collusion exists between two or more Offerors, will result in rejection of all affected proposals. However, an individual or entity acting only as a subcontractor may be included as a subcontractor on two or more different Offerors' proposals. Offerors rejected under the above provision will also be disqualified if they respond to a re-solicitation for the same work.

**5. COMPETITIVE NEGOTIATION FOR NON-PROFESSIONAL SERVICES**

This solicitation is a competitive negotiation for goods and services, as defined in the Arlington County Purchasing Resolution. The content of the proposals and the identity of the offerors are not public record until a Notice of Decision to Award has been issued. The opening of proposals is therefore not public.

**6. NOTICE OF DECISION TO AWARD**

When the County has made a decision to award a contract(s), the County will post an Award Notice or Intent to Award to [Vendor Registry](#).

**7. TRADE SECRETS OR PROPRIETARY INFORMATION**

Trade secrets or proprietary information that an Offeror submits in connection with a procurement transaction may be exempted from public disclosure under the Virginia Freedom of Information Act ("VFOIA"). However, the Offeror must invoke VFOIA protection clearly and in writing on the Proposal Form for County review. The Proposal Form must include at least the following: (1) the data or other materials sought to be protected and (2) specific reasons why the material is confidential or proprietary. It is the Offeror's sole responsibility to defend such exemptions if challenged in a court of competent jurisdiction.

**8. DEBARMENT STATUS**

The Offeror must indicate on the Proposal Form whether it or any of its principals is currently debarred from submitting proposals to the County or to any other state or political subdivision and whether the Offeror is an agent of any person or entity that is currently debarred from submitting proposals to the County or to any other state or political subdivision. An affirmative response may be considered grounds for rejection of the proposal.

**9. CONFLICT OF INTEREST STATEMENT**

The Offeror must provide a statement regarding any potential conflict of interest, with the notarized signature of a principal of the Offeror, on the form provided in this solicitation.

**10. REPLACEMENT OR AUGMENTATION OF KEY PERSONNEL OR SUBCONTRACTORS**

The key personnel and subcontractors in an Offeror's proposal are considered essential to the Offeror's qualifications and may not be replaced or substituted, nor may additional personnel or subcontractors be added, after qualification of the Offeror's proposal unless the County approves the changes in advance in writing.

**11. AUTHORITY TO TRANSACT BUSINESS**

Any Offeror organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership must be authorized to transact business in the Commonwealth of Virginia as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia, or as otherwise required by law. The proper and full legal name of the entity and the identification number issued to the Offeror by the Virginia State Corporation Commission must be included on the Proposal Form. Any Offeror that is not required to be authorized to transact business in the Commonwealth must include in its proposal a statement describing why the Offeror is not required to be so authorized. The County may require an Offeror to provide documentation that 1) clearly identifies the complete name and legal form of the entity and 2) establishes that the entity is authorized by the State Corporation Commission to transact business in the Commonwealth of Virginia. Failure of an Offeror to provide such documentation will be a ground for rejection of the proposal or cancellation of any award. For further information refer to the Commonwealth of Virginia State Corporation Commission website at: [www.scc.virginia.gov](http://www.scc.virginia.gov).

**12. EXCEPTIONS TO TERMS AND CONDITIONS**

The attached draft Contract Terms and Conditions contain a number of mandatory terms, which are marked with an asterisk. Those terms are not negotiable. If an Offeror objects to a mandatory term, the County will consider the proposal non-responsive.

The Offeror must state whether it requests revisions to any of the remaining, non-mandatory terms and, if so, must explain the reason for the request(s) and propose alternative language. An Offeror who does not request a revision in its proposal may not object or request revisions to any contract terms during the negotiation process. This requirement does not apply to contract provisions concerning liability, to which a successful Offeror may note exception at the beginning of contract negotiations.

The County will review any request for revisions to non-mandatory terms after the selection of finalists for negotiation. Such requests will not factor into the evaluation of proposals.

**13. INSURANCE REQUIREMENTS**

Each Offeror must be able to demonstrate proof of the specific coverage requirements and limits applicable to this solicitation. If the Offeror is not able to do so, it may propose alternate insurance coverage in its exceptions to the County's Terms and Conditions.

**14. ARLINGTON COUNTY BUSINESS LICENSES**

The successful Offeror must comply with the provisions of Chapter 11 ("Licenses") of the Arlington County Code, if applicable. For information on the provisions of that Chapter and its applicability to this solicitation, contact the Arlington County Business License Division, Office of the Commissioner of the Revenue, at 2100 Clarendon Blvd., Suite 200, Arlington, Virginia, 22201, tel. (703) 228-3060, or e-mail [business@arlingtonva.us](mailto:business@arlingtonva.us).

**15. COVID-19 VACCINATION POLICY FOR CONTRACTORS**

Due to the ongoing COVID-19 pandemic, the County has taken various steps to protect the welfare, health, safety, and comfort of the workforce and public at large. As part of these steps, the County has implemented various requirements with respect to health and safety including policies with respect to social distancing, the use of face-coverings and vaccine mandates. To protect the County's workforce and the public at large, all employees and subcontractors of the Contractor who are assigned to this Contract, should be fully vaccinated against COVID-19. Any contractor employee or subcontractor who is not fully vaccinated should follow a weekly testing protocol as established by the Contractor, unless exempt pursuant to a valid reasonable accommodation under state or federal law. By submitting a proposal, the Offeror certifies that it will comply with this provision and will ensure that its subcontractors, if any, do so as well.

**16. RIDER CLAUSE**

Offerors will have the option to extend any contract resulting from this solicitation as follows:

If any court of competent jurisdiction finds a termination for cause by the County to be improper, then the termination will be deemed a termination for convenience.

**A. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE**

1. Termination for Unsatisfactory Performance. If the County determines that the Contractor has failed to perform satisfactorily, then the County will give the Contractor written notice of such failure(s) and the opportunity to cure them within 15 days or any other period specified by the County ("Cure Period"). If the Contractor fails to cure within the Cure Period, the County may terminate the Contract for failure to provide satisfactory performance by providing written notice with a termination date. The Contractor must submit any request for termination costs, with all supporting documentation, to the County Project Officer within 30 days after the expiration of the Cure Period. **NONDISCLOSURE AND DATA SECURITY AGREEMENT**  
**(CONTRACTOR)**

The undersigned, an authorized agent of the Contractor and on behalf of \_\_\_\_\_ (“Contractor”), hereby agrees that the Contractor will hold County-provided information, documents, data, images, records and the like confidential and secure and protect them against loss, misuse, alteration, destruction or disclosure. This includes, but is not limited to, the information of the County, its employees, contractors, residents, clients, patients, taxpayers and property as well as information that the County shares with the Contractor for testing, support, conversion or other services provided under Arlington County Agreement No. 22-DTS-RFP-602 (the “Project” or “Main Agreement”) or that may be accessed through other County-owned or -controlled databases (all of the above collectively referred to as “County Information” or “Information”).

In addition to the DATA SECURITY obligations set in the County Agreement, the Contractor agrees that it will maintain the privacy and security of County Information, control and limit internal access and authorization for access to such Information and not divulge or allow or facilitate access to County Information for any purpose or by anyone unless expressly authorized. This includes, but is not limited to, any County Information that in any manner describes, locates or indexes anything about an individual, including, but not limited to, his/her (“his”) Personal Health Information, treatment, disability, services eligibility, services provided, investigations, real or personal property holdings and his education, financial transactions, medical history, ancestry, religion, political ideology, criminal or employment record, social security number, tax status or payments, date of birth, address, phone number or anything that affords a basis for inferring personal characteristics, such as finger and voice prints, photographs, or things done by or to such individual, or the record of his presence, registration, or membership in an organization or activity, or admission to an institution.

Contractor also agrees that it will not directly or indirectly use or facilitate the use or dissemination of County information (whether intentionally or by inadvertence, negligence or omission and whether verbally, electronically, through paper transmission or otherwise) for any purpose other than that directly associated with its work under the Project. The Contractor acknowledges that any unauthorized use, dissemination or disclosure of County Information is prohibited and may also constitute a violation of Virginia or federal laws, subjecting it or its employees to civil and/or criminal penalties.

Contractor agrees that it will not divulge or otherwise facilitate the disclosure, dissemination or access to or by any unauthorized person, for any purpose, of any Information obtained directly, or indirectly, as a result of its work on the Project. The Contractor shall coordinate closely with the County Project Officer to ensure that its authorization to its employees or approved subcontractors is appropriate and tightly controlled and that such person/s also maintain the security and privacy of County Information and the integrity of County-networked resources.

Contractor agrees to take strict security measures to ensure that County Information is kept secure; is properly stored in accordance with industry best practices, and if stored is encrypted ; and is otherwise protected from retrieval or access by unauthorized persons or for unauthorized purposes. Any device or media on which County Information is stored, even temporarily, will have strict encryption, security, and access control. Any County Information that is accessible will not leave Contractor’s work site or the County’s physical facility, if the Contractor is working onsite, without written authorization of the County

Project Officer. If remote access or other media storage is authorized, the Contractor is responsible for the security of such storage device or paper files.

Contractor will ensure that any laptops, PDAs, netbooks, tablets, thumb drives or other media storage devices, as approved by the County and connected to the County network, are secure and free of all computer viruses, and running the latest version of an industry-standard virus protection program. The Contractor will ensure that all user accounts and passwords used by its employees or subcontractors are robust, protected and not shared. The Contractor will not download any County Information except as agreed to by the parties and then only onto a County-approved device. The Contractor understands that downloading onto a personally owned device or service, such as personal e-mail, Dropbox, etc., is prohibited.

Contractor agrees that it will notify the County Project Officer immediately upon discovery or becoming aware or suspicious of any unauthorized disclosure of County Information, security breach, hacking or other breach of this agreement, the County's or Contractor's security policies, or any other breach of Project protocols concerning data security or County Information. The Contractor will fully cooperate with the County to regain possession of any Information and to prevent its further disclosure, use or dissemination. The Contractor also agrees to promptly notify others of a suspected or actual breach if requested.

The Contractor agrees that all duties and obligations enumerated in this Agreement also extend to its employees, agents or subcontractors who are given access to County information. Breach of any of the above conditions by Contractor's employees, agents or subcontractors shall be treated as a breach by the Contractor. The Contractor agrees that it shall take all reasonable measures to ensure that its employees, agents and subcontractors are aware of and abide by the terms and conditions of this agreement and related data security provisions in the Main Agreement.

It is the intent of this *NonDisclosure and Data Security Agreement* to ensure that the Contractor has the highest level of administrative safeguards, information security, disaster recovery and other best practices in place to ensure confidentiality, protection, privacy and security of County information and County-networked resources and to ensure compliance with all applicable local, state and federal laws or regulatory requirements. Therefore, to the extent that this *NonDisclosure and Data Security Agreement* conflicts with the Main Agreement or with any applicable local, state, or federal law, regulation or provision, the more stringent requirement, law, regulation or provision controls.

At the conclusion of the Project, the Contractor agrees to return all County Information to the County Project Officer. These obligations remain in full force and effect throughout the Project and shall survive any termination of the Main Agreement.

**EXHIBIT D**

**NONDISCLOSURE AND DATA SECURITY AGREEMENT**  
**(INDIVIDUAL)**

I, the undersigned, agree that I will hold County-provided information, documents, data, images, records and the like confidential and secure and protect it against loss, misuse, alteration, destruction or disclosure. This includes, but is not limited to, the information of the County, its employees, contractors, residents, clients, patients, taxpayers, and property as well as information that the County shares with my employer or prime contractor for testing, support, conversion or the provision of other services under Arlington County Agreement No. 22-DTS-RFP-602 (the "Project" or "Main Agreement") or which may be accessed through County-owned or -controlled databases (all of the above collectively referred to as "County Information" or "Information").

I agree that I will maintain the privacy and security of County Information and will not divulge or allow or facilitate access to County Information for any purpose or by anyone unless expressly authorized to do so by the County Project Officer. This includes, but is not limited to, any County Information that in any manner describes, locates or indexes anything about an individual including, but not limited to, his/her ("his") Personal Health Information, treatment, disability, services eligibility, services provided, investigations, real or personal property holdings, education, financial transactions, medical history, ancestry, religion, political ideology, criminal or employment record, social security number, tax status or payments, date of birth, or that otherwise affords a basis for inferring personal characteristics, such as finger and voice prints, photographs, or things done by or to such individual, or the record of his presence, registration, or membership in an organization or activity, or admission to an institution.

I agree that I will not directly or indirectly use or facilitate the use or dissemination of information (whether intentionally or by inadvertence, negligence or omission and whether verbally, electronically, through paper transmission or otherwise) for any purpose other than that directly authorized and associated with my designated duties on the Project. I understand and agree that any unauthorized use, dissemination or disclosure of County Information is prohibited and may also constitute a violation of Virginia or federal law/s, subjecting me and/or my employer to civil and/or criminal penalties.

I also agree that I will not divulge or otherwise facilitate the disclosure, dissemination or access to or by any unauthorized person for any purpose of the Information obtained directly, or indirectly, as a result of my work on the Project. I agree to view, retrieve or access County Information only to the extent concomitant with my assigned duties on the Project and only in accordance with the County's and my employer's access and security policies or protocols.

I agree that I will take strict security measures to ensure that County Information is kept secure; is properly stored in accordance with industry best practices, and if stored is encrypted; and is otherwise protected from retrieval or access by unauthorized persons or for unauthorized purposes. I will also ensure that any device or media on which County Information is stored, even temporarily, will have strict encryption, security, and access control and that I will not remove, facilitate the removal of or cause any Information to be removed from my employer's worksite or the County's physical facility without written authorization of the County Project Officer. If so authorized, I understand that I am responsible for the security of the electronic equipment or paper files on which the Information is stored and agree to promptly return such Information upon request.

I will not use any devices, laptops, PDAs, netbooks, tablets, thumb drives or other media storage devices (“Device”) during my work on the Project without pre-approval. I will ensure that any Device connected to the County network is free of all computer viruses and running the latest version of an industry-standard virus protection program. I will also ensure that my user account and password, if any, is robust, protected and not shared. I will not download any County Information except as authorized by the County Project Officer and then only onto a County-approved Device. I understand that downloading onto a personally-owned Device or service, such as personal e-mail, Dropbox etc., is prohibited.

I agree that I will notify the County Project Officer immediately upon discovery or becoming aware or suspicious of any unauthorized disclosure of County Information, security breach, hacking or other breach of this agreement, the County’s or Contractor’s security policies, or any other breach of Project protocols concerning data security or County Information. I will fully cooperate with the County to help regain possession of any County Information and to prevent its further disclosure, use or dissemination.

It is the intent of this *NonDisclosure and Data Security Agreement* to ensure that the highest level of administrative safeguards, information security, and other best practices are in place to ensure confidentiality, protection, privacy and security of County Information and County-networked resources and to ensure compliance with all applicable local, state and federal laws or regulatory requirements. Therefore, to the extent that this *Nondisclosure and Data Security Agreement* conflicts with the underlying Main Agreement or any local, state or federal law, regulation or provision, the more stringent requirement, law, regulation or provision controls.

Upon completion or termination of my work on the Project, I agree to return all County Information to the County Project Officer. I understand that this agreement remains in full force and effect throughout my work on the Project and shall survive my reassignment from the Project, termination of the above referenced Project or my departure from my current employer.
