- Mow both sides of the road and one pass on the backside of the sidewalk.
- String line trim around signs, fire hydrants, guard rails, the edge of pavement where it meets the concrete curb, the stamped bull nose areas, and all other non-grass areas where grass is growing.
- Trees, bushes, and shrubs need to be weeded, trimmed, and maintained. Please note that palm trees are NOT to be included for maintenance other than picking up palm fronds on the ground. - All catch basin structures within the grassed areas should be edged and/ or string line trimmed. The tops of the structures should be kept clean of all debris. The drainage inlets in the curb line should be kept clean and clear of all debris to allow for proper drainage. If there is a problem or any kind of issue noted at any type of drainage structure Road & Bridge staff needs to be contacted.
- Retention areas (if applicable) will need to be string trimmed above the water line during wet season. Edge and blow off. Do not blow grass into the roadway, plant beds, or curb inlets.
- No herbicides may be applied, unless prior written approval is provided by the Public Works Director.
- Invoices will be submitted monthly, at the end of the month, based on the number of completed cuts.
