

Questions regarding RFP on SEO and Social Media

1. Whether companies from Outside USA can apply for this?
(like, from India or Canada)
 - Okeechobee County TDC welcomes all proposals.

2. Whether we need to come over there for meetings?
 - Attendance at meetings may not be required if there are no communications issues as well as reporting is easy to understand (layman's terms) and the Tourism Coordinator feels that it will be easy to present to the Board of County Commissioners.

3. Can we perform the tasks (related to RFP) outside USA?
(like, from India or Canada)
 - That may be better answered by the respondent to the RFP. There would have to be some relation to the United States such as in understanding the area and be willing to learn about the community.

4. Can we submit the proposals via email?
 - Proposals must be submitted as directed by the RFP.
